Tobacco  
Brings More Money than all  
Other Crops In The State  
of Kentucky.

According to Census Director Durand, of Washington, tobacco is the greatest money producer per acre. The leading crops of the State for 1909 ranked in order of valuation were: Corn \$50,448,000; tobacco, \$30,889,000; hay and forage, \$16,906,000; wheat, \$5,812,000; potatoes, \$7,724,000, and oats, \$1,218,000. From 1889 to 1909 corn increased 117,080 acres, or 3.5 per cent. Starting with 3,021,176 acres in 1870, corn fell by 1889 to 3,109,267, and again by 1909 to 3,136,340. Hence, during the thirty-year period corn has made but slight increase. The total yield in 1909 was 88,338,081 bushels; the average yield per acre, 24 bushels; the average value per acre \$24.70.

For the decade ending 1909, tobacco showed an increase of 84,999 acres, or 22.1 per cent. Starting with 226,120 acres in 1870, tobacco rose by 1889 to 274,587, to 384,805 by 1899, and again to 469,795 by 1909. The total yield in 1909 was 598,483,301 pounds; the average yield per acre 848 pounds; the average value per acre \$4.85.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with regard to a cure can be effected in from three to four days. For sale by Stockton & Son.

In 1863.

According to Col. R. R. Perry, editor of the Winchester News, who is one of the best on historical events, there was a heavy frost on August 30th, 1863. He says: "There was but little tobacco grown in Central Kentucky then, but all the crop then growing was killed. Vegetable and all other growing stuff suffered the same fate. We do not anticipate a repetition of 1863, but the sudden drop in the temperature to 60 degrees reminds us of it."

Won Premiums,

Mrs. George H. Myers, of this city,  
won many blue ties at the Nicholasville  
fair last week on her delicious oaks  
and preserves. Mr. Coleman Neff  
secured several blue ties on his White  
Plymouth Rock chickens and Edgar  
Dow won more than his share of the first  
premiums with his great string of show  
horses. Madison county always gets  
the best of everything she goes after,

A Great Advantage to Work  
ing Men.

J. A. Madie, 123 S. 7th St., Steubenville,  
O., says: "For years I suffered  
from weak kidneys and a severe bladder  
trouble. I was told to take Dr. Foley's  
Pills and their wonderful cures began  
taking them and sure enough I had  
as good results as any I heard about.  
My backache left me and to one  
of my best friends, experiments with Dr. Foley's  
is a great advantage. My kidneys are  
now free and normal, and that saved me a  
lot of misery. It is now a pleasure to  
work again. I used to be a misery.  
Foley's Kidney Pills have cured me and  
have my highest praise."

To New Castle.

Jaller N. B. Jones went to New  
Castle, Henry county yesterday where  
he will attend the annual meeting of  
the Kentucky Jaller's Association. W.  
S. Fitzgerald, jaller of Boyle county,  
is President of the organization. The  
program contains topics for discussion  
that will be of interest to the State  
generally as well as to the jallers, such  
questions as lynching, the handling of mobs  
and better sanitary conditions in the  
prison. President W. S. Fitzgerald, of  
Danville; Vice President George H.  
Mitchell, of New Castle; Secretary J.  
S. Mullins of Winchester and Chairman  
of the Executive Committee John  
R. Pfanz, of Louisville, in combination  
with the other officers, have made this  
one of the influential organizations of  
the State, mutually helpful to the prison  
keepers in the better discharge of their  
duties.

Foley's Kidney Remedy.

(Liquid)

Is a great medicine of proven value for  
both acute and chronic kidney and  
bladder ailments and for annoying  
urinary irritation. It is especially  
recommended to elderly people for  
the qualities of tonic and reconstructive  
and the permanent relief and  
comfort it gives them. — L. McConnell  
17 Chambers St., New York, N. Y.:

"Five bottles did the work for me more  
effectively and beyond doubt Foley's  
Kidney Remedy is the most reliable  
kidney medicine ever made."

The Lexington papers are urging the establishment of a plant in Central Kentucky for the manufacture of tobacco products. Richmond will have one soon, if the ideas of several leading growers of the county is carried out, and this has been advanced so far as to purchase a site near the depot. The wide awake growers of this county have been looking into the matter for some time and they have decided to risk their capital. As told exclusively in the Climax sometime ago, these men are determined and have received requests from all over the country for stock. The farmers of Madison will get the first call, and it is very likely that little money, if any, will be taken in. There is no reason why such a plant could not be located in Lexington, also owned and operated by the Burley belt. The tobacco grown in this county would furnish enough material to keep a large force busy and the raw stock would be right here at our door. It will bring thousands of dollars here, if the plant can buy tobacco at a price of 5 cents a pound and sell it to the smokers of pipe and cigarette at from 10 to 15 cents, a man factor here will make more than 1000 per cent profit and realize more.

### One Left.

With the death of Curtis F. Mohrley here a few weeks ago, it is recalled that but one member of the City Council of Richmond for the years 1871-2 survives, and that is Mr. W. W. Pigg. This council was known hitherto as Town Trustees and there were five. A notable work by this body was the laying out of Breck Ave., High and Oak streets. It was a corn field and Rev. Robert Brock, who owned the land, offered it to the city for these improvements. The whole town, especially the women, were loud in their condemnation of the Trustees for attempting to lay out streets in an unsightly rough corn field, but in a short time the new addition began to build up and increased steadily. The members who have passed away are Curtis F. Mohrley, and James D. Miller, Samuel Freeman and Edwin Thompson.

#### Why is It?

Richmond can boast of more vicious mosquitoes than perhaps any community in the country. The drug stores have experienced a heavy run on all kinds of "mosquito skits" during the month of August, and nearly everyone you meet asks, "Are the mosquitoes bad at your house as they are up our way?" It shows plainly that there are numerous stagnant pools or filth piles from which these pesky insects breed, and in and around Richmond and the only way to get rid of them is to keep your premises clean.
